George Kent (Malaysia) Wins \$6.86 Million Contract In Hong Kong

By **Gho Chee Yuan**

Nikkei Markets

KUALA LUMPUR (Sep 11) -- George Kent (Malaysia), a waterworks engineering company, said Monday it has secured a contract worth \$6.86 million for supplying and delivering 650,000 water meters to Hong Kong's Water Supplies Department, the largest single order ever obtained from a sole source in its metering business history.

The contract was bagged by the group's subsidiary, George Kent International, to supply the DN15 Brass PSM-T water meters within two years in 24 shipments, the company said in an exchange filing. This was also the second straight time the company won this particular contract, it added.

"George Kent is the only company that has successfully secured large water meter contracts from both Hong Kong and Singapore water authorities at the same time, which are renowned for their stringent standards in water meter evaluations," the company said in the filing.
